

## Altice USA Celebrates Veterans Day

This Veterans Day and throughout the month of November, Altice USA, is actively honoring Veterans in a number of ways. In addition to highlighting Veteran employees through short videos, written profiles and photos, on Altice Connects, Altice USA is bolstering Veteran recruiting efforts around the holiday and partnering with HISTORY for more than a dozen Take-a-Vet-to-School events. In addition, Altice USA's Meet the Leaders interview-style program will hold events at tristate area schools in recognition of Veterans Day with local elected officials who will discuss the importance of recognizing our veterans.

Below are just a few images of Altice USA's employee Veterans. To watch employee Veteran profiles, read employee Veteran Q&A and see their photos, and to learn where we are celebrating our veterans around the country, visit: <http://alticeconnects.com/veterans-day>
